Verdiel Farms in Hanmer is a small privately owner farm that offers a Hand on Equitouch Therapy, Elite Driving and Independent Riding Programs.

Our Programs help find methods to improve the physical and mental well being of persons suffering from a wide range of disabilities, including physical, spiritual, emotional and intellectual. Persons with behavioral problems seem to open up and enjoy their time with our equine.

We teach people to maximize their ability. Our motto is: "We work on Abilities and watch the disabilities try and catch up!"

We are open to everyone who would enjoy time with our equine. We look forward to chatting with you.

We are a WIN/WHINNY group- so come on by put on a smile on your face and see what we are all about.

PLEASE join us at
