

Sudbury Needs

a Playground for Dogs

Dogs deserve a playground - a place where they can run free and play with other dogs. Many other cities have “leash free” dog areas. The Minnow Lake Community Action Network (CAN) has formed a subcommittee to examine the feasibility of establishing a Dog Park on vacant city land, unsuitable for other development, close to the “Big Box” stores and the civic cemetery on Second Avenue.

If you would like to help with this project for a more “liveable” city for dogs and people please send an e-mail to info.minnowlake@gmail.com or call John Lindsay, Minnow Lake CAN Chair at 525-7526. Also under consideration for this site is a “sand mountain” constructive play area for kids.
